

The History 1907 to 1937

W Bro Swinton Stoddart, PM
Worshipful Master 1915 to 1916

...having been found to be broken. This affair had to do with the meeting was duly held, and on account of the electric lighting system being out of the lodge room was the only light in the room, supplemented by the gas in the open. This state of things had a most effect, and caused up measures of of lamps was and decidedly added to the solemnity of the occasion.

At 10:15 the electric light was switched on, and there was a sigh of relief when the sign that all danger was past was given as many of the Brethren were much perturbed as to how they might be getting during the time the danger was possible.

At the regular lodge held at 8 o'clock the lodge was opened with usual ritual, only that during on the advice of several of the older Past Masters, the Worshipful Master decided that the charge should be illuminated in the proper way. This was accordingly done.
